

RADA

Transferring courses (OfS F2)

'Student transfer' means your ability to change from one higher education (HE) course to another HE course at RADA, to transfer to a course at another higher education provider, or to transfer to RADA from somewhere else.

Generally, we do not accept student transfers into our higher education courses. For our acting and performance courses students are auditioned for places (including through several rounds of audition for the BA (Hons) in Acting). The courses are structured in a way that means it is not easy for someone to join part-way through, unless they've already completed some of the training, for example when someone starts a RADA course and then interrupts for a short period. Should a student decide to move elsewhere, we would support them in finding appropriate study and work with our validating universities to recognise achievement through an exit award, as appropriate.

For our higher education Theatre Production courses (FdA Technical Theatre and Stage Management, one-year BA (Hons) Technical Theatre and Stage Management top-up award and PgDip Theatre Costume), again we are unlikely to accept students part-way through the course. We take students from other institutions into the BA (Hons) TTSM top-up award, but not part-way through the year and they must apply and be interviewed as with all applicants.

We are not able to support students transferring between courses at RADA, particularly between acting and theatre production degrees as these are very different and vocational pathways. A student wishing to change direction would need to be interviewed or auditioned to join one of the other courses.
